

10 new books you should be reading this November

Leonard Cohen *The Mystical Roots of Genius* by Harry Freedman

Leonard Cohen fans, prepare to be blown away. *The Mystical Roots of Genius* is a spectacular and in depth look at one of the greatest musicians of our time. This book is about the ethos, origins and traditions in Cohen's lyrics, which are an ode to Jewish and Christian tradition, as well as Kabbalah and Zen. Penned by Harry Freedman, Britain's leading author of popular works on Jewish culture and history, this is an unforgettable book.
